

Black Collection  
by Electrolux

1900

# Interior & Material Influences

## Bold and Distinctive...

High gloss reflective materials enhanced by deep Black tones are setting the stage.

Patterns & textures break up the monolithic impression, adding detail and visual interest.

## Inspired by Traditional Asian Craft,

the hexagon pattern is a modern reconstruction of the bamboo weaving seen in kitchen wares across many parts of SEA.

## Unified Kitchen

The Black Collection by Electrolux provides a full range of built-in products, linked through their bold use of glass and repeated signature pattern.

The Black Collection by Electrolux  
provides a full range of kitchen  
appliances with flexible functionality

- Black Pattern Glass
- Cooking Zone Power: Nominal: 2.3kW/ Booster: 3.2kW
- Total Connected Load: 7.4kW (32A single phase)

Made in Asia

\$12,980

## KEY BENEFITS

### Maximum flexibility

Maxisense induction cooktops are developed with three or four extra large zones, which detect pan presence and location and are not restricted to traditional circular zones.

### Professional results

For the ultimate in safety and comfort, induction cooking generates heat in the cookware, so surfaces around the pot are cooler to touch.

### Ultimate in safety and comfort

Induction cooking generates heat in the cookware, so surfaces around the pot are cool to touch, and the cooking environment remains cooler. The surface is also easy to clean, as spills are simply wiped away.

# 90cm Chimney Hoob

with 1,100m<sup>3</sup>/h high power eliminates the fume and smoke in the kitchen for a fresher and cleaner cooking environment.
