Remark: Colour availability depending on the model

FEATURES

NutriFresh™ Inverter

With its NutriFresh™ Inverter keeping temperature consistent for freshness and up to 37% energy savings.

*Compared to previous models.

Our FreshShield™ Crisper

Keeps fruits & vegetables 7 days longer*, with unique tight seal for 5x humidity and more stable temperature

*Based on the test carried out for Electrolux by Intertek

MarketFresh Crisper

Keeps fruits and vegetables market-fresh for longer with humidity control

FreshTaste Deodorizer

Eliminates 99.8% of bacteria and keep odours away

360 AirCool

Even cooling ensures food at all fridge levels stay fresh and great-tasting

FlexStor™

Combination of adjustable shelves and bins enables flexible storage of food

FlexSpace™

Adjustable shelving provides convenient storage for larger containers

FlexFresh™ Compartments

Offer versatile functionality as a chiller, freezer or crisper

R600a Refrigerant

Environmentally-friendly coolant which has significantly lower global warming potential than other refrigerants

FOOD FOR THOUGHT

Water that condenses from the heat may cause food to spoil more easily. Hence, wait for hot food items to cool slightly before putting them in the fridge.

*NTUC vouchers redemption details and terms and conditions: 1. Applicable when purchase is made during promotion period from 15 May - 31 Jul 2018 only. 2. Redemption period: 15 Aug - 15 Oct 2018 only. 3. How to redeem: Send a photo of your receipt and email to sgpromotion@Electrolux.com (Include NAME, CONTACT NUMBER, SUBJECT: #ELUXGSS)

As fresh as just-picked for 7 days

with NutriFresh™ Inverter Fridges

Our **FreshShield Crisper** keeps fruits and vegetables 7 days longer*, so they taste better.

*Based on Independent Australian Laboratory tests

With its **NutriFresh™ Inverter** keeping temperature consistent for freshness and up to 37% energy savings.

*Compared to previous models

Unique tight seal for 5x higher humidity and more stable temperature to keep food as fresh as just picked for up to 7 days* and more. For healthier, more flavourful dishes for you and your family.

Enjoy peace of mind with our promise of durability. Our NutriFresh™ Inverter Refrigerators offer a **10 Year Warranty** on the inverter compressor (parts only).

Potenza Gas Hobs

PDST60
Pedestal

\$139
U.P. \$499

Benefits of having pedestal:

The Electrolux laundry pedestal raises your front load washer or dryer to a perfect height, which means an easier access to your laundry with less bending. Not only that, the pedestal also opens up to reveal a large storage drawer, perfect for all your washing essentials, so you can keep your laundry room neat and tidy too.

WHD, mm: 595 x 310 x 615

*Applicable when you purchase EWF12933 / EWF14023 / EWF14113 / EDH3786GDW / EDH3497RDW / EWW14023 / EWW14113
Note: Do not stack a dryer on top of washing machine if using a pedestal.

PUREi9

Robotic Vacuum Cleaner

Vacuum from anywhere

The world's first robotic vacuum with technology so advanced it independently pursues with single-minded perfection the relentless cleaning of your home everywhere, even the hardest to reach spaces, elevating your standards of clean.

3D Vision System™

Detect obstacles, Avoid getting stuck!

The structured cleaning with **3D Mapping Navigation™** will never miss a spot and cover the entire room quickly. The innovative **3D Vision System™** detects and analyze obstacles in 3 dimensions with flexible cleaning schedule.

Triangular Trinity Shape™

Unique Trinity shape and Powerbrush

The exclusive Trinity Shape with Electrolux **AirExtreme Technology™** is designed to reach further and remove dirt from every corner, leaving no space untouched.

ClimbForceDrive™

Able to climb a 2.2cm hard floor and minimize risk of getting stuck.

Always Available, Always Connected

Vacuum from anywhere

Electrolux allows you to dispatch PUREi9 at the touch of a button whenever you choose, wherever you are through a mobile app, even via a pre-set scheduled cleaning session.

VINTEC
WINE PRESERVATION TECHNOLOGY

Innovative Wine Storage Solutions

Vintec wine cabinets are developed with the modern lifestyle in mind. Our models feature a whole range of technological advancements designed to preserve wine and features to integrate seamlessly into your living space. There is always a VINTEC wine cellar suited to your needs - from the smallest V30 - to the largest capacity V190, equipped with standard or electronic regulation, and set with single temperature, multi-temperature, dual temperature zones. They are designed as free standing or built-in, under counter wine cellars, ideal for your living room, kitchen or restaurant. There is a Vintec design for your every need, be it for long term storage or for ready-to-drink wines (red, white, sparkling).

Guide to Choosing Your Wine Cabinet

1 BOTTLE CAPACITY

Small
30-40

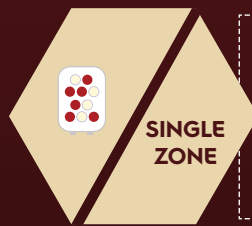

Medium
50-130

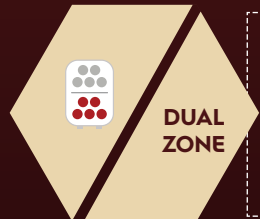

Large
130-190

2 FUNCTION

Since all wines cellar at the same temperature (12-14°C), a single-zone wine cabinet is ideal for storing and cellaring. Alternatively, a single-zone cabinet can be used to keep white wines at drinking temperature of (6-8°C) or red wines at (16-18°C).

A Dual-Zone wine cabinet is ideal for keeping both reds and whites at perfect drinking temperatures. Set the top compartment at 6-8°C for whites and champagne, and the bottom at 16-18°C for reds. Alternatively, the bottom compartment can be set at 12-14°C for cellaring.

VINTEC versatile Multi-Temp technology is designed for serving different styles/ varietals at their perfect individual drinking temperatures. For instance, setting the bottom at 6°C and top at 18°C generates a temperate perfect for both white and red wine.
